

# Invitation - FOERSTER Day

## FOERSTER Day - Open House at Institut Dr. Foerster on October 8<sup>th</sup>, 2019

On October 8<sup>th</sup>, FOERSTER will open its doors for you to get an exclusive look behind the scenes - we invite you to participate in this special event in our innovative company.

In the heart of the FOERSTER Day - 12 interactive stages - our experts will present products demonstrations. Additionally, you may choose from a variety of expert lectures and hands-on workshops or go on an interesting company tour guided by our product and sales specialists.

### More information and registration

For further questions and to register for the FOERSTER Day please contact your local sales representative or our marketing department at [marketing@foerstergroup.de](mailto:marketing@foerstergroup.de). We will gladly assist you to plan your day at FOERSTER.

We look forward to welcoming you in Reutlingen for this special event and would be happy to receive your registration until September 12<sup>th</sup>, 2019.

### Program

8:30 am	Registration
9:00 am	Reception and Opening speech
All day	Open House with 12 stations - see revers for detailed information
4:30 pm	Open discussions and conclusion of FOERSTER Day
5:00 pm	Departure by shuttle bus
6:00 pm	Dinner event at Hohenzollern Castle

### Hands-on workshops

- How to improve repeatability of encircling coils - adjustment procedures in DEFECTOMAT DA for DEFECTOARRAY sensors
- STATOGRAPH CM+ and STATOVISION software - improved crack detection

In addition to visiting individual stations you may attend a two-hour-workshop and receive a certificate of participation.

If you wish to participate in a workshop, please indicate this when registering.

During the entire FOERSTER day you can explore 12 informative stations that show a cross-section of our diverse product portfolio:

### The Stations

- **DEFECTOMAT DA:** Non-destructive testing of tubes with DEFECTOARRAY
- **CIRCOGRAPH DA:** Wire testing with eddy current
- **DEFECTOVISION IR:** Testing of billets, rods, rails and profiles with inductive heat flux thermography
- **ROTOMAT DA / TRANSOMAT DA:** High resolution flux leakage testing of tubes
- **TECHNIKUM:** Customized test lines
- **KOERZIMAT:** Testing of rods and diverse automotive components
- **MAGNETOMAT:** Quality control of different amagnetic components
- **MAGNETOSCOPI:** Permeability and residual field measurement on austenitic steels and amagnetic alloys
- **MAGNATEST D:** Production and quality control
- **STATOVISION:** Testing of break discs
- **Probe and sensor production:** Manufacturing of a sensor element
- **LEO-Scan:** Reformer tube testing

At all stations our product and application experts will offer hands-on product demonstrations and be available to answer your questions.

### Expert lectures

At the following stations we will offer several short lectures by our experts:

- **DEFECTOMAT DA:** Improved Repeatability in Eddy Current Testing
- **DEFECTOVISION IR:** Testing of Rails with Inductive Thermography
- **ROTOMAT DA / TRANSOMAT DA:** High Resolution Flux Leakage Testing

### Guided company tour

For interested guests we offer a small insight in the history of FOERSTER as well as guided tours of our production departments.

### Organizational information

Throughout the entire FOERSTER Day you may enjoy refreshments and snacks at the buffet.

In the evening we would like to invite you to a special dinner event at Hohenzollern Castle. Please register in advance.

If you need accommodations, we will gladly assist you in booking a hotel room nearby. Transfers between your hotel and FOERSTER will be arranged.

Wishing you safe travels - we look forward to welcoming you at our FOERSTER Day.
